DIRECTOR'S NOTE

Center for Integrated Development (C.I.D) has been motivated for social welfare and sustainable development since 1992. 23 years back the organization came into existence by the combined efforts of the social concerned citizens who have strong determination to eradicate social evils prevailing in our society. From past so many years the organization is dealing with many burning issues like Child Right Protection, Women Empowerment, Better Livelihood Initiatives, Tribal development, Health and Community Health and other social problems. Advocacy, networking and other regular interventions are made to change the behavior & attitude of people towards these issues of social concern. C.I.D, over the years, has improved the economic, social, educational and awareness level of thousands of poor and marginalized people in various parts of northern Madhya Pradesh by exerting their rights through innovative tools in close co-operation with community. CID had set targets and has been successful in achieving those mile stones through consistent efforts. In order to achieve the objectives many activities like Child Labour Eradication Programme, School Enrollment Campaign, Ownership of community for the issue of health and local governance, Promotion of health component and bringing sustainable changes in health system, Women empowerment programme, SAHARIYA Tribal Initiative, Networking with different networks working for the similar cause, Child Help Line-1098 etc were undertaken by the organization. CID hold self-accountability that's the reason governmental, foundation, corporate and individual donors trust us to deliver maximum impact for their investment for social cause. Effectiveness of the programmes demonstrates their funds are being used effectively and efficiently. C.I.D strives for sustainability and progress that helps the poor so that donors can reduce their investments over time. All the achievements and works would not have been possible without a dedicated team. People who are working with C.I.D are highly motivated and committed. I am hereby presenting the annual progress report for the year 2014-15 which will throw the light upon the achievement of organizational activity through the year. I admire the effort of entire team-CID to successfully accomplishment of targets during 2014-15 and believe that team will keep on progressing for the social cause.

Dr. VIJAY GUPTA

Hony Secretary

ORGANIZATION

CID is a podium to the voices who want to raise themselves to contribute in the development of nation with their efforts. People with the will of selfless help came together and started a mission to help deprived community in their development. CID started working in 1992 and it is continuously reaching the milestones on the path of community development.

We work for the total development of deprived community; In order to bring the underprivileged and vulnerable sections at par to the mainstream of the society the organization works under the following objectives

OBJECTIVES:

- Protect Children from abuse, trafficking, molesting and ensure their participation
- Ensure Educational Social, Mental and Physical development of children.
- Ensure improvement in health of individuals and community through spreading awareness.
- Promote Gender equity and equality in all three phases of life childhood, adolescence and in womanhood.
- Empower women socially and economically and develop leadership among them.
- Ensure overall development of deprived community.
- Support disables individuals.
- Protect environment and preserve natural treasures.

To bring this objective into action we resort to strategies like:-

- Child right protection, development & Advocacy
- Community Health management and Awareness
- Community and women empowerment

- Poverty alleviation & Rural development
- Environment Conservation
- Safeguarding Human Rights
- Networking with different stakeholders

VISION

A harmonious society free from discrimination, offering equity, equality and sustainable development.

MISSION

CID aims to empower communities through awareness, participation and capacity building which lead to a society, based on equity and equality for sustainable development.

CORE VALUES

- Commitment towards weaker sections of society especially children, women, Dalits & Tribal communities.
- Advocacy based intervention for policy as well as community level changes.

PROGRAMS

CHILD DEVELOPMENT:

- Remove children from work and develop them socially , mentally and physically
- Organizes Bal Panchayat to ensure the participation of children
- Runs Non formal Education centers for deprived children
- Spread awareness about health and hygiene among children
- Runs Micro Nutrition program for children.
- Runs a Program to protect Children from diarrhea
- Educate children about perils of gender inequity.

WOMEN EMPOWERMENT:

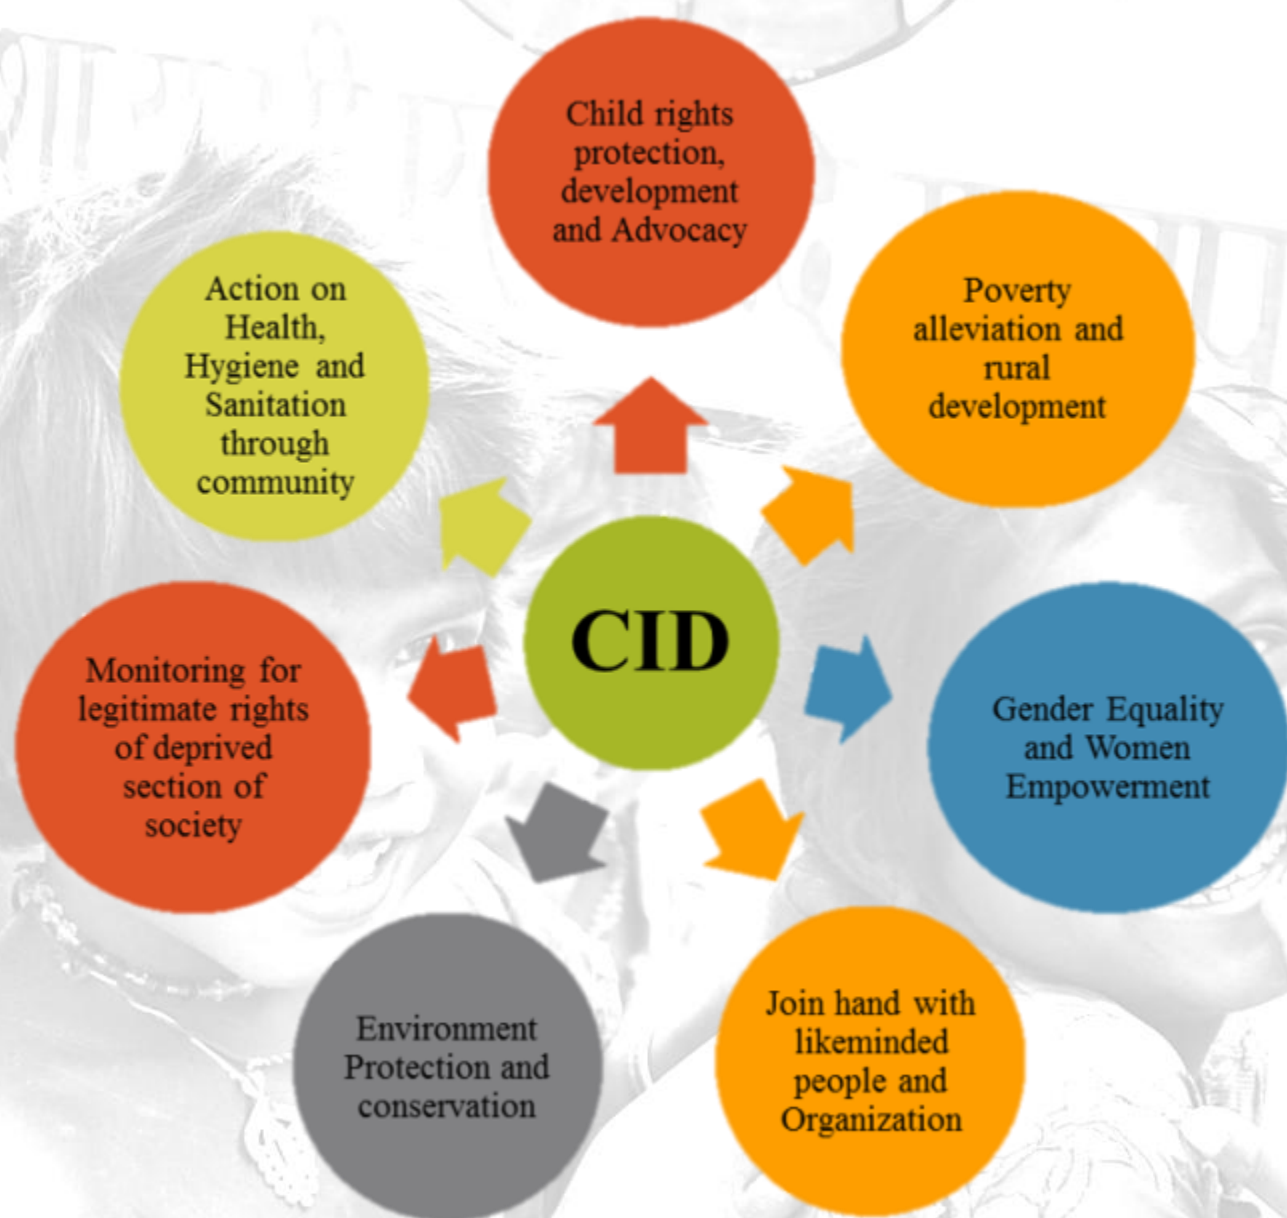

- Create and run Self Help Group to advocate women in their economic and social development.
- Create and run Community Committee to sensitize women about social issue
- Invigorate the capacity of resolving issues in women.
- Educate women about their rights, Sanitization, health and gender inequity and its perils.
- Educate women to utilize savings optimally.
- Create and facilitate Adolescent Girls Group to sensitize them on social, health, political issues.

HEALTH:

- Organizes regular health checkups for children
- Runs HIV/AIDS awareness program and tale consulting center
- Runs a program to protect Children from Diarrhea
- Run program to improve immunization in children
- Organizes health, hygiene and sanitization training program for children, women and community.

CID work for the total development of deprived society through the consistent and selfless effort of its dedicated team, to magnify work efficiency and to signify the result of efforts CID conduct regular training and workshops, it will also enhance their vision towards their social responsibilities.

To strengthen the commitment of humans towards society we sensitize various civic bodies, Govt. Dept. , CBO and different NGOs to make a strong resistance towards social evil. We have built a strong and active social network which is active to prevent and cure social disease.

AREA OF INTERVANTION

We are covering almost northern region of M.P. and some portion of Rajasthan working with many of our partner organization.

CHILD CARE

CHILD LABOR ERADICATION

Gwalior is among the rapidly developing cities of Madhya Pradesh which has made it the attraction for many nearby underdeveloped cities, People are keep coming to Gwalior in search of livelihood from the nearby villages, draught conditions and failure of agriculture has aggravated the migration.

Apart from migrant Gwalior is home of thousands BPL families which majorly consist of construction worker, carpet weaver, push cart vender, daily wage worker etc. also consist of rag picker, bidi roller and beggar. Burden of poverty is suppressing the rights of children such as right to education, entertainment, security, development and right to live. Children are forced by circumstances to work.

Mainly children work in dangerous and hazardous conditions like Stone crushing, Carpet weaving, Rag picking, Bidi Rolling etc. huge number of children are also working in Automobile, Hotel-Dhaba and as Domestic help

CID has come up with an innovative set of plans to systematically eliminate then eradicate child labor from Gwalior city. CID apply multi sectoral approach to address the issue of child labor.

First CID team identify the children indulge in labor practices and remove them from the labor practices, after removal of the children CID start their development by enrolling them to Non formal education centers, CID have 9 Non Formal Education center in city where about 425 children who were the part of labor force are getting education as well as the physical and mental development is also taken care at these center.

Children are being engaged in education and mothers of these children are being engaged in Self Help Group where these mother are being educated on the issue of child rights, education, child labor, health & hygiene, social security schemes and simultaneously facilitate savings in these groups and mothers are being motivated to use their savings for their children's education.

Adolescent girl and boys groups are being formed and they are being educated on the issues such as child rights, human rights, health & hygiene and various social issues, adolescent health related education are also being given to adolescent girls.

Common people, Intellectual group and media are also being targeted to spread education about child labor, exhibition, puppet show are being organized in various part of city. After the Non formal education, children are being enrolled to the main stream education system and being guided to make them sufficient for future endeavor.

To support the elevation of education in city CID is working with NCLP and running an education and rehabilitation center for the children working in carpet weaving industry. In this education and rehabilitation center necessary education is being to the children along with professional training as well as nutrition food also being provided to children to ensure their proper physical development, since these children used to be the part of carpet industry and earning some sort of money therefor stipend 5rs per presence is being provide to the children which motivates them to be regular with school and also help to retain them. 50 children are getting benefit of NCLP education and rehabilitation center. Cultural activities like BAL sabha, Painting Competition, Games are being organized on every Saturday to help children's mental development. NCLP also keep an eye on children health with regular health checkups.

Outreach Activities

Target Group	Conducted (No)	Highlights
Children, Community, Auto driver, police stations PCO Owners	691	Awareness did about Childline 1098 and its working process through distribute Pamphlets and pasting of posters for effective output of activities

AWARENESS ACTIVITY WITH COMMUNITY / CHILDREN

Exhibition	5	We targeted all the location where we can find maximum Crowd for show some assets of Childline , Drawing related child rights made by children groups for awareness about Childline 1098 and working process of Childline for child in distress. We display of kiosk also.
Orientation	31	We did maximum orientation program at crowded places which were schools and some other organization Aaganwadi Kendra so that we can aware maximum person & children in one activity. For orientation program we used Puppet show method for awareness about Childline 1098 and working process of Childline, sharing of cases.
Children group meeting	76	In the Right of Right to Participation We formed some children group in slum areas and schools and also they are supporting us as peer group in their community for awareness of Childline. We conduct every month meeting with every children group and we gave name to this group CRPG-C Child right Protective Group.
Human Chain	01	That was an International anti child labour day. So childline team planned a human chain in Phoolbagh. That was a big awareness programme. Our volunteer gropes & our organization also participate in this programme. We distributed pamphlets to the visitors and gave information about childline & child rights. And also request to all visitor to stop child labour. In this programme we invite Mr O.P. mishra (Director, NCLP) as a chief guest.
CHILDLINE se dosti programme	07	CHILDLINE Se Dosti was a week before Children Day. Childline India Foundation suggest us to All Collab partner to celebrate this week with some advised activity and also give freedom to choose other activity. During this week we conducted different activities like Dosti corner, Adopt a shelter home, Orientation on Child labour, Signature campaign on Child labour, Orientation on CSA, Suraksha bandhan and Human chian.
Relly	04	In the month of July our organization planned to run school chalo abhiyaan for awareness of Right to education act and advocacy for proper implementation. Childline team member also conducted 18 rallies for this campaign. Result of the rallies was very wonderful we made 138 admissions of children in Govt. & private schools & in the month of December Human rights day comes on so CHILDLINE team planned to a rally for awareness of child

		rights. We also distribute our pamphlets to all viewers. Our children group also participated in this rally
Children Fair	02	In the month of April and September our organization organized a children fare at ambedkar park, Gwalior. All members of children groups took participate in this fare. Childlin also take participate in this fare and called our children group members. We putted our kiosk and display exhibition. Many fun activities did this fare. All children enjoyed it. We did a puppet show based on Child labour theam. Childline team has given information about childline to all participants. In the end of this program all children well aware about childline service and gave assurance to us that if they found any child in distress then inform to childline. We distributed the pamphlets of childline.

RIGHT TO EDUCATION

Education not only fillip the process of development but also give it a justly guidance which always steer a developing nation towards development. CID is working to lift the education by utilizing the Right to Education act to its fullest. To provide a Launchpad to education CID runs hyperactive campaign in the city. Every year, CID ignites School Chalo Abhiyaan with the wish of illuminating Gwalior by the light of education and to give wings to its aspiration of making Gwalior home of educated multitude.

During the current reportage span, we, The CID team organizes rallies across the city registered active participation of children. Regular door-to-door visit done to mobilize the community. Exhibitions invigorated the campaign. Exhibitions, Rallies and Door-to-door visits covered most vulnerable are of city like Khajanchi Baba, Subhash Nagar, Mandre Ki Mata, Shankar Pur, Indra Nagar, Noorganj, Naktapatha, Transport Nagar and Kishan Bagh.

Center for Integrated Development also working in 28 Villages of Sheopur district to promote education. School Chalo Abhiyan, Aganwadi wokrsers training, Orientation

and Meeting of Mother Committee, SMC orientation and meeting are the activities is being done to uplift the level of education. Education and sports material is being provided to the poor children.

To reduce the absenteeism community monitoring of Anganwadi is being done through mothers committee and absenteeism of children is also reduced with the help of community participation.

CID has made Child Rights club in these villages and every month meeting is being organized where girls and boys are being oriented to develop leadership quality among them and make them capable to ask the benefits they are entitled to get.

SOCIO-ECONOMIC DEVELOPMENT

Centre for integrated development play an important role of change facilitator between the change maker and needy. Same as the Indian context in Gwalior also, large number of work force is working in the unorganized sector. In unorganized sector these worker are being oppressed as they don't get any benefits apart from the wages which are very low. These workers are entitled to various government schemes and social security benefits, CID help them to acquire the benefits of schemes.

Carpet weaving is the industry which is very prevalent in Gwalior, CID help the people depended on this unorganized industry to recognize them as handicraft worker by helping them to get registered at Sant Ravidas State Handicraft Welfare Association which entitled them for various benefits such as food security, education for children etc, CID also help them to get these benefits.

Bidi Roller is another marginalized which suffer because of the involvement of middle man, because of the middle man the wages is very low and they do not get fair wages of their work. People who are involved in

Center for integrated development is focused on the uplifting of the marginalized community. In collaboration with Action aid and European Commission CID is working to organized labor of unorganized sector and also working to improve their socio-economic status by providing Skills training so that they can switch to better option of livelihood.

In Kolaras village, tribes mainly Sahriya tribe living a very underprivileged life and CID worked for their welfare through Freedom from Hunger and Fear to Spread awareness of land rights and ensure Sahriya tribals are rehabilitated and recompensed under the Forest Resources Act and empowering the Sahriya community for their right of food and livelihood, so that they could attain their food security by demanding their rights and entitlements. CID has strengthen SAJAG so that it can attain an individual identity and member of this group raise their voice against exploitation. CID also build capacity of CBOs like Jagrit Mahila Sangh and Mahila Hinsha Virodhi core group of SAJAG to address issues related to women rights. CID also disseminated the information regarding the legal provisions and government schemes at the grass root level through the Manavadhikar Kendras and Baladhikar Kendras.

SELF HELP GROUP

A “**Self Help Group** “is a group of women who are belongs to economically backward society labeled as “ **Below Poverty Line** “ families, Self-help Groups are being the most effective tool for the socio-economic development of the community. CID has started SHGs and facilitating them for the betterment of the women’s of marginalized communities.

COMMUNITY COMMITTEES

Community Committee is the group of people of same concern coming together to solve their social and life issue by themselves with help of mutual understanding, coordination and cooperation. CID has formed 38 Community committees with 1980members. CID organizes regular meetings of these committees to ensure social development of the members CID also educates the member of committee about the various social welfare schemes run by Govt.

Now Communities are aware about their rights. Social development of communities allowed them to raise their voice before the authority to get the resolution of their issue.

CID has conducted 178 meetings since January 2015 to ensure the development of deprived communities. Regular orientation and meetings has developed a desire of development in these communities.

- Community is aware about the hazards of child labour and showing interest in education of their children.
- Committee members are resolving their issue with their joint efforts.
- Committee is spreading awareness in their community regarding health and hygiene.

Table: List of achievement

3	-	-	12	7	1	1	3	10

ADOLESCENT AND YOUTH GROUP

For a strong building a strong foundation is required, to build a strong society aware and educated youngsters is required, CID is working to build a strong foundation for the next generation for that CID has created Adolescent and youth groups in all marginalized localities of Gwalior, in these groups Adolescent girls and youth boys are being given education about the various social issue and also being given guidance to steer their career in right direction.

Member of these groups are also being oriented about health issue and hygiene and sanitation related education is also being given which is enhancing their capabilities to build a healthy environment at their home and in their localities as well.

Member of these groups are also active to in various awareness creating activities, they organized *school chalo campaign* also initiate and facilitate cleanness drive in their locality. Actively participate in awareness generation activities against Child Labor and Child Marriage .

HEALTH

Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity (WHO)

Health in India is diverted towards its “Care” aspect as private health care system is growing with a rapid pace which reflect the perspective of people health as absence of disease rather than physical, mental and social well-being.

CID has started many programs which are directly or indirectly addressing the issue of health considering health as whole where CID focuses on social determinants of health and spreading awareness to steer people towards “Prevention” aspect.

CID is addressing issue related to health under its various programs:

IMMUNIZATION

Immunization is a process to make population resistant towards particular disease, India is bearing the double burden i.e. both communicable and non- communicable disease have high prevalence, some of them can be eliminate through immunization as India did it in past with polio and leprosy.

CID is working with state government to make its immunization drives more effective by providing capacity building training to ANM and FPWs.

MICRONUTRIENT SUPPLEMENTS

Apart from protein, carbohydrates human body requires many nutrients which are very less in quantity but very high in importance but often not get the required importance resulting in various deficiency in human body which further leads to many chronic or acute diseases.

CID is involved in the promotion of micronutrients such as Vitamin A, Iron, Zinc, and Calcium.

Training to the Government officials, FLWs and ANMs is provided about the micro nutrients, an effective training module is developed to make training more effective, and method of training is participatory which involves participant in training process which makes training more effective. CID also involve in the stock management and ensures the availability of micronutrient at the delivery point.

DIARRHEA MANAGEMENT

CID is working for the reduction of diarrhea through ORS and Zinc tablet. Diarrhea is caused by unhygienic food and impure water, street food culture make India more vulnerable in urban areas and in rural area unsystematic sewage system , practice of defecation in open area , using wood and Cole ashes and clay to clean hand after defecation make rural area perilously vulnerable . 225,000 deaths occur every year due to diarrhea .CID is working for the protection and prevention of diarrhea in the rural area of north of Madhya Pradesh as it is seeing most number of diarrhea cases particularly in Shivpuri , Sheopur, Bhind, Datia ,Morena and Gwalior . Main objective of this program is to reduce the death toll which is being caused by diarrhea and reduce the number of occurrence of diarrhea cases by mobilizing mother and care person of children. To achieve this capacity building of FLWs is done by CID team member then identify the children suffering from diarrhea and dehydration and provide ORS and Zinc Tablet to cure. CID team ensures that every children of targeted area must get ORS and Zinc on time when needed for this ORS and Zinc stock check done on regular basis by CID team and also maintain the transparency in information to increase the effectiveness of the program. Below is the details of FLWs training and field visits done by CID representative.

COMMUNITY BASED NUTRITION REHABILITATION CENTRE

The World Bank estimates that India is one of the highest ranking countries in the world for the number of children suffering from malnutrition (*"World Bank Report". Source: The World Bank (2009). Retrieved 2009-03-13. World Bank Report on Malnutrition in India.*). The 2015 Global Hunger Index (GHI) Report ranked India 20th amongst leading countries with a serious hunger situation (*International Food Policy Research Institute*).

Center for integrated development is very sensitive about the nutrition issue of children and working in 51 villages in Shivpuri to address the issue of malnourishment. CID created Community based ***Community based Nutrition Rehabilitation Centre*** which is a revolutionary step towards prevention and cure of malnourished children. In these NRCs children which are falling under malnourished category are being taken care for 6 month where they have been provided supplement food suggested by nutrition specialist.

In these center mother of malnourish children are being given the information and education about hygiene and its effect on the growth of children so that they will take care of their children and maintain their nutrition status even after the nutrition rehabilitation center.

This year "Lilwara, Raijha, Nagar, Madanpura, Sesai-Khurd, and Vijayapura" are the village identified as the highly nutrition deprived village and CNRC has been established in these village, total 166 malnourished children are identified, these children has been provided with 2 time supplement food in a day for 6 month and remarkable result has been seen as all the children are safe now. 166 other children are referred to NRC who were having serious state of malnutrition.

MATERNAL HEALTH

Maternal health is another area where CID is focusing, to improve the status of maternal health and to bring down maternal mortality rate (MMR) CID is working with the tribes in 51 villages of Shivpuri.

Training of government officials, ASHAs and ANM is done by CID to improve their capacity and on the other hand community awareness campaign is being run in these villages by Awareness and leadership capacity building training of health committee of Panchayat called "Gram Swasth Sabha Gram Tadarth Samiti" (GSSGTS) and

awareness building of other PRI members so that they can contribute their effort towards communitization of health in their villages.

In the process of communitization CID has formed community group and keep strengthen them by regular capacity building training to highlight health issues and facilitate community about government system. These community group's meeting is organized every month to exchange thoughts and ideas about improving village health. Also facilitating the Village Health and Nutrition day and outreach program to reach the underserved communities of internal areas with the help of existing health administrative system.

Awareness generation through creative activities like movie projection on various health concern issue, dramas and puppet show is being done. CID also produce & procure IEC materials to spread information and awareness and promote health.

Anemia management among adolescent through IFA is done by CID to ensure healthy motherhood for these adolescent in their reproductive age.

ENVIRONMENT

One thing in the world will not over, which is Innovations, human, the most intelligent species are innovating various things with his unmatched intelligence, blessing of innovation have sequel curse for Mother Nature. Vehicle running on natural fuel outpouring dangerous gases into environment which is the main reason behind the abnormal change behavior change in climate. Earth is becoming warmer; sea level is elevating due to the melting glacier .deforestation to acquire residential land made it more hazardous by effecting eco system negatively.

Since it's embarked, CID is very much concerned for environmental related issues; CID raised "**Green Gwalior Clean Gwalior**" in early 90's to sensitize people of Gwalior toward environment. CID is "**Keen to Green**" the Gwalior hence regularly organizing plantation campaign in various part of city. CID also organizes awareness programs, seminars for Community Committee, Self Help Group, Youth Group and Adolescent Girls Groups. Exhibitions are being regularly organized to spread awareness among common people.

On 12th of June CID organize awareness rallies and exhibition to celebrate World Environment Day.

OTHER ACTIVITIES

- Republic Day Celebration was organized by CID for NFEs Children, Youth groups and Adolescent girls groups took part in activities such as singing, Stage Play, Debate, Extempore.
- Red Hand Day campaign facilitated by CID where Adolescent girls marked their hand impression.
- International women day celebrated by CID team with the women of community committees and SHGs where speakers have explained the rights of women to participants.
- Exhibition ,seminars were organized by CID on occasion of National Anti-Child Labour Day to spread information about child rights and hazards of child labour to general public, media , intellectuals and among deprived communities.
- Painting competition was held at all NFE centers for children, where children gave a colorful demonstration of their imagination and thoughts about child rights
- Debate and Painting competition was organized by CID for NFE's children on occasion of World Environment Day to sensitize children about the environmental issues.
- CID has conducted events such as Human Chain, Rally, and Exhibition on occasion of International Anti Child Labour Day to spread awareness about child right and sensitize people on the issue of child labour.
- Plantation Drive and Friendship with trees campaign organized.
